

BUFFALO PHARMACEUTICS SYMPOSIUM: NOVEMBER 8-9, 2002

A scientific and social event preceding the AAPS Meeting in Toronto to explore recent advances in pharmaceutical sciences and foster ties among current students, faculty, friends, and alumni of the Department.

PROGRAM

Friday November 8, 2002

- 4:00 PM UB Classroom: (H114). **Gerhard Levy Distinguished Lecture** (public)
Awardee: Mary V. Relling, PharmD: *Pharmacogenetics of Therapy-Induced Cancers*
- 6:00 PM University Inn: Reception and Award Ceremony

Saturday, November 9, 2002: Cooke 121, North Campus

- 8:00 AM Registration and Continental Breakfast
- 8:30 AM Introductory Remarks: Wm Jusko: *New Developments in the Department*
- 9:00 AM J-M Scherrman, PhD, (Paris): *Role of P-Glycoprotein and ABC Transporters at the Blood-Brain Barrier*
- 9:45 AM Meindert Danhof, PhD, (Leiden): *Mechanism-Based Pharmacodynamic Modeling: Interfacing Receptor Theory and Dynamic Systems Analysis*
- 10:30 AM Refreshments
- 10:45 AM James Baxter, PhD (Pfizer): *Evolving Scientific and Professional Challenges for the Pharmaceutical Scientist in "Big Pharma"*
- 11:30 AM Joga Gobburu, PhD, (FDA): *PKPD in Regulatory Decision Making*
- 12:15 PM **Taste of Buffalo Luncheon:** Cooke 508; **Poster Presentations:** 5th Floor Hallways
- 2:00 PM William E. Evans, PharmD, (St Jude's): *Pharmacogenomics of Childhood ALL*
- 2:45 PM Andrew Chow, PhD (J&J): *PK/PD Modeling in Drug Development*
- 3:15 PM Joe Balthasar, PhD, (UB): *Antibody PK/PD: New Insights & Applications*
- 3:45 PM S. Balasubramanian, PhD (UB): *Development & Pharmacology of Novel Lipidic rAHF*
- 4:15 PM Graduate Student Lecture: TBA
- 4:30 PM Lecture TBA
- 5:00 PM **Wine and Cheese Reception**, Poster Presentations, Lab Visits: 5th Floor

Sunday, November 10, 2002

Transportation to Toronto available by Niagara Airbus or rides with Buffalonians

Special Note: For latest Department news, see: <http://www.pharmsci.buffalo.edu/>
